

INTERNATIONALE LISTE

The Voice of International
Students in Aachen

What We Have Done

In the past year the Internationale Liste advocated for a better booking system in the Foreigner's Office, in order to provide international students a fair chance of renewing and applying for their respective residence permits or blue cards. In collaboration with AStA, the Internationale Liste contributed in the past year to an online temporary booking system instead of the old system, where students had to stand in front of Super C for many hours to get an appointment. The Internationale Liste will continue to work and demand a better system, by keeping in constant communication with the university bodies and the city of Aachen.

WHAT IS AV?

As the Internationale Liste, we are running to be elected for the 24th Ausländer*innenvertretung, the Representation of Foreign Students. Our goal is to reduce the number of potential problems that can arise while studying in a foreign country, striving to make the stay of internationals simpler. This extends to legal matters that may arise, as we are a reliable connection for students with the university, the municipalities, and the city of Aachen itself. We actively stand against discrimination, as we believe that every student has the right to be represented at the university, regardless of their background.
